RE: Notice of Rate Increases for PremierSERVSM Frame Relay and PremierSERVSM ATM

Dear Valued Customer:

Thank you for using AT&T Long Distance ("AT&T") for your data communications needs. We value your business and want to be sure you are kept aware of changes being made that may affect your service. Effective April 20, 2009, AT&T will increase interstate rates for PremierSERV Frame Relay ports (all speeds 256 Kbps to 40 Mbps) and PremierSERV ATM ports (all speeds 1.5 Mbps to 599 Mbps). AT&T will also increase intrastate rates (and where necessary will file with the applicable regulatory authorities to increase the intrastate rates) for PremierSERV Frame Relay ports (all speeds 256 Kbps to 40 Mbps) and PremierSERV ATM ports (all speeds 1.5 Mbps to 599 Mbps), with that increase to be effective April 20, 2009, or such later date as required by the applicable regulatory authority. The new rates will reflect increases up to 15.13% and will be applicable to Out-of-Term and new 1, 2, 3, and 5 Year Term Plan Agreements and renewals executed on or after April 20, 2009. The rate increases will not apply to services already under a Term Plan Agreement executed before April 20, 2009, during the effective term of the Term Plan Agreement. Your business is important to us. We want to ensure that you are obtaining the most suitable services for your needs. Please contact your AT&T Account Manager or other member of your Sales Team to discuss your options. Thank you for choosing AT&T.

Sincerely,
